

UPCOMING EVENTS

JAN

01

Pre-Election Testing

Open to the public. Series of pre-election tests to ensure the validity and security of voting equipment and ballots that are scheduled to be deployed in the upcoming election.

JAN

01

Early Voting Begins

Polling Locations and Vote Centers are now open to the public for the upcoming election.

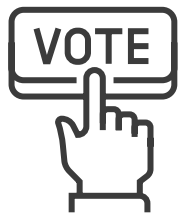

JAN

01

Election Day

Additional Polling Locations and Vote Centers opening for use on Election Day. Increased ballot processing and counting capacity to account for a steady stream of ballots collected throughout the day.

JAN

01

Post-Election Audits

Open to the public. Post-election audit of voted ballots that statistically ensures the validity and accuracy of results. In some jurisdictions the appointed canvass board members take part in this process as well.

JAN

01

Canvass and Certification

The Designated Election Official presents information, in accordance with local election law and rule, to the canvass board regarding the conduct and results of the election. The canvass board makes a determination regarding the validity of the election results. Following canvass, the election is certified.
