

2024 General Election Sample Social Media Schedule

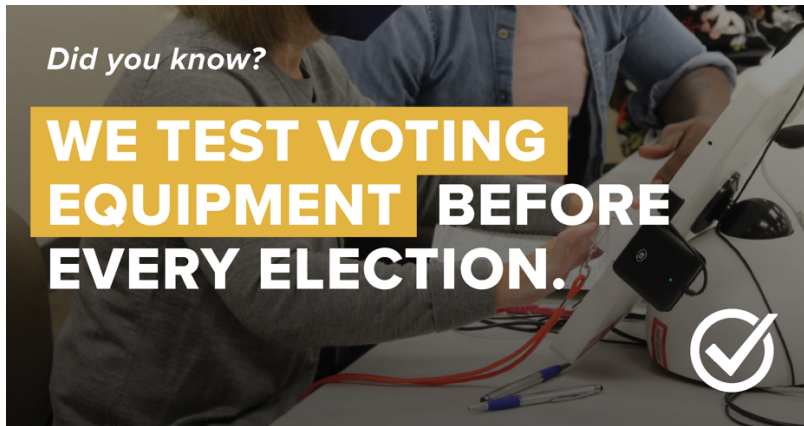

Week of 9/23

Mail ballots have been sent for the November 5, 2024 General Election

Check your mailboxes this week! Mail ballots have been sent to registered voters. Return your ballot by mail, to a secure drop box, or to a voting location near you. Go to [website] for more information on the 2024 General Election.

Did you know? We test voting equipment before every election.

Our voters know that ballot marking devices and tabulation equipment are working as intended because election officials test the hardware and software before each election. Only equipment that passes stringent testing is used.

Sign up to be a poll worker

**Sign up to be
a poll worker**

Paid election workers wanted! Training is provided. Get involved with your community—help run smooth, secure and accessible elections. Visit [website] for more information.

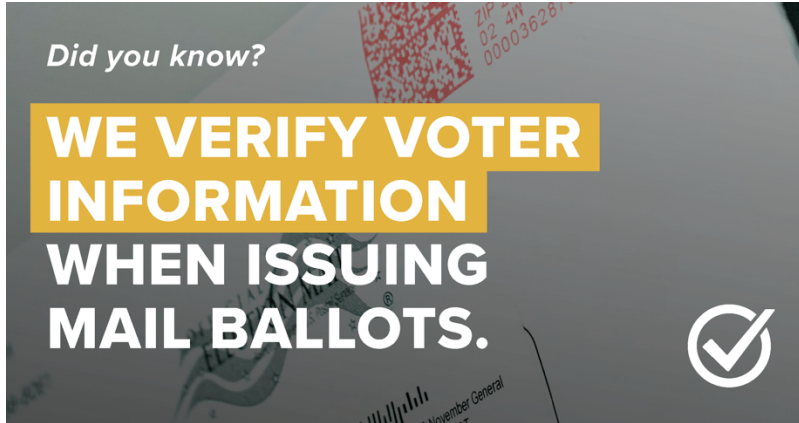

Did you know? We require trained, bipartisan election workers at all polling locations.

Elections are conducted under a rigorous checks and balances system where polling places and counting boards are operated by bipartisan teams of election workers. At least two individuals of differing political affiliations work together on everything from assisting voters to sealing ballot containers and reporting results.

Week of 9/30

Did you know? We verify voter information when issuing mail ballots.

Voting by mail is a time-tested, secure system. Our office verifies voter information when issuing mail ballots and checking signatures on ballot envelopes against the signatures we have on file.

Did you know? We secure every ballot drop box and mail ballot deposited.

Our drop boxes are tamper-resistant, immobile, and monitored. Bipartisan teams collect and transport ballots to secure processing locations.

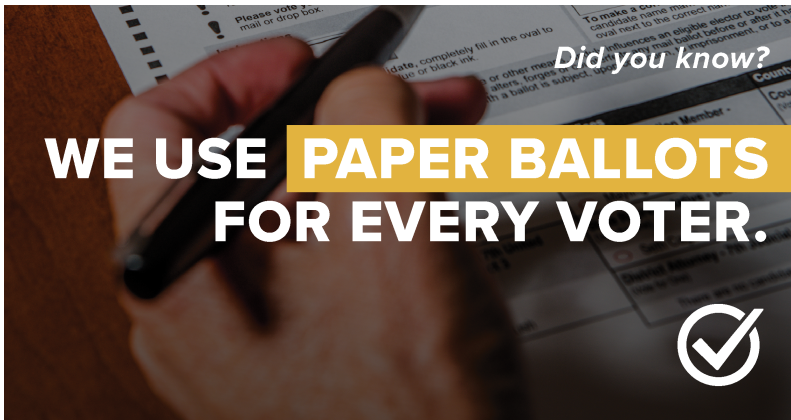

Week of 10/7

Register to vote

Election Day is fast approaching. Are you ready? Don't wait—register to vote or update your information now at [website].

Did you know? We use paper ballots for every voter.

Because our office uses paper ballots and paper tallies of counts, there is always a physical record of all votes, whether you vote a mail ballot or vote in person. This ensures accurate results and adds another layer of security.

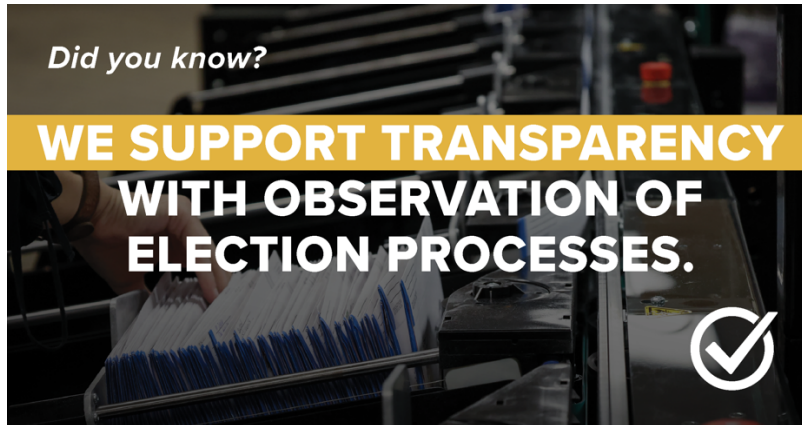

Did you know? We only register U.S. citizens who will be 18 by Election Day.

Voters must meet federal and state eligibility requirements to register to vote. Eligible 16- and 17-year olds can pre-register to vote online or by mail. Still need to register? Visit [\[website\]](#) or head to a polling place near you!

Week of 10/14

Did you know? We support transparency with observation of election processes.

Credentialed challengers and representatives of political parties may observe and challenge the conduct of elections at polling places, early voting sites, or mail ballot processing facilities.

Make a plan to vote

You have options! Cast your ballot in the November 5 General Election by:

- Returning your ballot by mail or drop box
- Voting in person at an early voting site
- Voting in person on Election Day at your polling place

Visit [\[website\]](#) for more information.

Did you know? We maintain accurate and up-to-date voter lists.

[State]'s list of voter registrations is constantly updated. Maintenance of the list is carried out in strict accordance with state and federal laws by the Secretary of State and election clerks of different affiliations throughout the state.

Week of 10/21

Register to vote in person

**Register to vote
*in person***

Did you miss the chance to register to vote online? You can still register in person with us between now and Election Day with proof of residency. Learn more at [\[website\]](#).

Vote early by mail or in person

**Vote early
by mail or in person**

Get the same experience as voting in person on Election Day! Cast your ballot at an early voting site—find your nearest location and get more information at [\[website\]](#).

Week of 10/28

One week to Election Day

Still hanging onto your mail ballot? Drop it off at a secure drop box or polling place, where you can also choose to vote in person instead. Get locations and more information at [\[website\]](#).

When to expect results

As voting results are reported by media, keep in mind that all valid votes must be counted before complete unofficial results become available. This includes the counting of mail ballots at secure facilities [\[which will not be finished by the time polls close at \[time\] p.m. on Election Day\]](#).

Did you know? We perform audits to ensure accurate results.

Various audits are conducted throughout elections, including audits to review procedures, risk-limiting audits to affirm the accuracy of vote-counting machines, and counting board audits to review the tabulation process for mail ballots. Learn more at [\[website\]](#).
