Thank You From The Elections Group

The Elections Group acknowledges and thanks election officials and workers for their contributions to the 2024 general election. We witnessed displays of exceptional hard work, dedication and commitment to help uphold democracy.

The contributions made by election officials exemplify America's core values, and should serve as an example to all. Election officials and workers persevered and served, ensuring that voters could participate. In the coming weeks, there is still more work to be done, and our team is here to lend support.

We applaud everyone who worked tirelessly to prepare for and run this election.
